JANLIE AARON BANHAON

Salesforce Developer

Biñan, Laguna, Philippines | 0977 471 2401 | aaronbanhaon2@gmail.com | salesforce.com/trailblazer/jbanhaon

PROFESSIONAL SUMMARY

Salesforce Developer with 5 years of experience supporting and delivering Salesforce solutions for international aviation, utilities, insurance, and public-sector clients. Skilled in Apex, Lightning Web Components (LWC), Experience Cloud, Service Cloud, Salesforce security, Flow automation, and REST API integrations. Experienced in troubleshooting, testing, performance optimization, and cross-functional delivery.

TECHNICAL SKILLS

Salesforce Development: Apex, Apex Triggers, Lightning Web Components (LWC), Visualforce, SOQL, Apex Test Classes

Platform & Administration: Experience Cloud, Service Cloud, Sales Cloud, Energy & Utilities Cloud, Flows, Approval Processes, Profiles, Permission Sets, Sharing Rules, Role Hierarchy, Data Loader

Integration & Tools: REST APIs, Named Credentials, Git, Version Control, Debugging, Unit Testing, Data Validation

PROFESSIONAL EXPERIENCE

AETHER GLOBAL Mar 2025 – Jun 2026

Salesforce Developer

Client: International airline | Partner portal

- Designed and developed an Experience Cloud partner portal using LWC, Apex, Flows, and Salesforce configuration to support partner-facing business processes.
- Built reusable LWC components and Apex controllers for request submission, approval workflows, record management, and partner-facing views.
- Configured Approval Processes, Flow automation, profiles, permission sets, sharing rules, and role-based visibility for partner and internal users.
- Diagnosed and resolved Apex, LWC, automation, and Experience Cloud issues; maintained 85%+ Apex test coverage for deployment readiness.
- Conducted peer code reviews, mentored developers, contributed to solution design, and prepared technical and deployment documentation.

ACCENTURE Oct 2024 – Mar 2025

Application Development Analyst

Client: North American electricity utility

- Developed Lightning Web Components (LWC) to display electricity billing history and monthly energy consumption through interactive data tables and charts.
- Integrated Salesforce with external REST APIs using Apex, MuleSoft, and Named Credentials to retrieve billing and electricity usage data.
- Reduced Salesforce data storage requirements by approximately 60% by retrieving billing and usage data on demand instead of storing records locally.
- Implemented dynamic UI enhancements, data validation, error handling, and loading indicators to improve application performance and user experience.
- Collaborated with cross-functional teams to troubleshoot API integration issues and deliver scalable Salesforce solutions aligned with business requirements.

ACCENTURE Mar 2024 – Jul 2024

Application Development Analyst

Client: Australian residential construction insurance provider

- Implemented a replacement API-based search experience in Visualforce and retired the legacy search integration.
- Improved Visualforce page performance and usability through targeted UI and UX enhancements.

ACCENTURE Jan 2024 – Oct 2024

Application Development Analyst

Client: Australian child welfare public-sector organization

- Supported Salesforce applications through enhancements, incident investigation, root cause analysis, and defect resolution.
- Prepared incident analyses and performance reports for stakeholders to support operational decision-making.

ACCENTURE Dec 2021 – Jan 2024

Application Development Analyst

Client: Australian trade compliance public-sector organization

- Delivered Salesforce enhancements and customizations in response to changing business and regulatory requirements.
- Performed testing, troubleshooting, and validation of fixes; documented incident findings and resolutions.

ACCENTURE Jul 2021 – Dec 2021

Application Development Associate – Salesforce Bootcamp

Client: Salesforce Administrator and Developer training

- Completed hands-on training in Salesforce configuration, Apex, Lightning components, and automation fundamentals.

EDUCATION

POLYTECHNIC UNIVERSITY OF THE PHILIPPINES – STA. MESA, MANILA
